

SMS FLATSCREEN FH T1150/1450/2000

With its feet firmly planted on the ground.

SMS Flatscreen FH T is a stable and reliable floor bracket that embodies our three values: design, function and safety. Large screens often attract a great deal of attention to themselves, and it is therefore important that the bracket can take the scrutiny. SMS Flatscreen FH T does your screen justice. Annoying cables and wiring are hidden inside the bracket. Practical shelving can also be added to perfectly compliment your screen.

New!

The adapterplate has a new design, which is easier and more user friendly. There is also a new design on the pillar which allows you to, stepless, raise and lower you screen and shelves.

The new SMS Flatscreen H2 Unislide is included in the bracket.
